<https://bhagyeshpatilportfolio.vercel.app/>

Dedicated to creating reliable, scalable systems and meaningful user experiences. Skilled in DevOps tools such as AWS, Docker, Jenkins, Kubernetes, and Terraform, and also proficient in UI/UX design using Figma and design thinking methodologies. Focused on delivering high-quality digital solutions through a combination of technical expertise and creative problem-solving.

Skills

DevOps & Cloud Tools: AWS (EC2, S3, IAM, VPC, RDS) • Docker • Kubernetes • Jenkins • Terraform • Ansible • Prometheus • Grafana

UI/UX Tools: Figma • Canva • Wireframing • Prototyping • Design Thinking • Responsive Design • Visual Design • User Research

Programming & Web Technologies: Basics of Python • Java • JavaScript • HTML • CSS

Database: SQL • DBMS

Soft Skills: Problem-Solving • Creativity, Teamwork • Communication • Time Management • Adaptability

Projects

1.E-Commerce Deployment: Microservices on AWS using EKS & CI/CD

Tools: AWS, Docker, Kubernetes, Jenkins, Prometheus, Grafana, GitHub

Deployed a multi-tier e-commerce site using AWS EKS and Kubernetes.

Automated CI/CD pipelines with Jenkins for seamless deployment.

Enabled real-time monitoring using Prometheus and Grafana.

GitHub - [bhagyesh98/micro-service-project](https://github.com/bhagyesh98/micro-service-project)

2.Netflix App Deployment Automation with Terraform, Jenkins & Ansible

Tools: AWS, Terraform, Jenkins, Ansible, Tomcat, Maven, Prometheus, Grafana

Automated infrastructure provisioning using Terraform.

Used Jenkins for CI/CD and Ansible for configuration management.

Integrated monitoring dashboards via Prometheus & Grafana.

GitHub - [bhagyesh98/Devposproject-terraform-ansible-jenkins](https://github.com/bhagyesh98/Devposproject-terraform-ansible-jenkins)

3. 3D Developer Portfolio Website

Tools: HTML, CSS, JavaScript, Node.js, Tailwind CSS

Built a responsive 3D portfolio showcasing projects and skills with interactive animations.

Integrated UI and JavaScript for smooth transitions and modern visual effects.

Designed a clean, scalable layout using Tailwind CSS and responsive design principles.

4. SkillSwap – Peer Learning App UI

Tools: Figma, UI/UX Design

Designed an intuitive mobile app interface in Figma focused on peer-to-peer learning.

Utilized auto layout and reusable components for consistency and scalability.

Built interactive prototypes to demonstrate user flow and navigation experience.

5. PrimePalette – Paint Brand Hero UI

Tools: Figma, UI/UX Design

Created a bold, animated hero section in Figma with a modern layout and brand-focused visuals using reusable components.

Course/Training

Java Intern | R3 Systems India Private Limited | July 2022 – August 2022

Completed a short-term internship focusing on core Java and front-end basics like HTML, CSS, and JavaScript through guided development tasks.

DevOps Training | Naresh IT, Hyderabad | September 2024 – January 2025

Gained hands-on experience with AWS, Terraform, Docker, Kubernetes, Jenkins, and Ansible by implementing CI/CD pipelines, IaC, and monitoring systems.

Self-Learning in UI/UX Design | 2025 –Present

Independently learned UI/UX design through online platforms and personal practice. Gained hands-on experience with Figma by creating modern, user-focused design projects and interactive prototypes.

Education

JAN/2021 – Aug/2024

Bachelor of Technology, Computer Engineering

R. C. Patel Institute of Technology, Shirpur

CGPA: 7.48
